

INTRODUCING

ROUTER BITS

Grinder router bits have a female 5/8" arbor that threads onto any grinder to profile marble, porcelain, block and granite.

Each bit has 2 independent steel (not plastic) bearings so they can be run wet or dry. The shaping is done with high quality, large particulate diamonds that are brazed to the body of the bit. Top quality components equal top quality performance!

SIZE	PART NUMBER
3/4 Radius x 5/8-11	FWBB20CB, Demi Bullnose
3/8 Radius x 5/8-11	FWBB10CB, Demi Bullnose
1/2" Bevel x 5/8-11	FWBE15CB, 45° Bevel
30mm Bullnose x 5/8-11	FWBV30CB, Full Bullnose
